Thoracic Outlet Syndrome

April 17, 2020

Reporting standards of the Society for Vascular Surgery for thoracic outlet syndrome

Karl A. Illig, MD,^a Dean Donahue, MD,^b Audra Duncan, MD,^c Julie Freischlag, MD,^d
Hugh Gelabert, MD,^e Kaj Johansen, MD,^f Sheldon Jordan, MD,^g Richard Sanders, MD,^h and
Robert Thompson, MD,ⁱ *Tampa, Fla; Boston, Mass; London, Ontario, Canada; Sacramento and Los Angeles,
Calif; Seattle, Wash; Aurora, Colo; and St. Louis, Mo*

A week each with:

- Dr Karl Illig (USF, Tampa)
- Dr Rob Thompson (Washington University, St Louis)

Lessons learned / issues discussed:

- Realized very similar opinions/approaches to TOS
- Paraclavicular, infraclavicular and Molina procedures
- “hostile necks, complex aortic dissections”
 - Pleural tears/hemothorax in rib resections
 - Management of recurrent neurogenic TOS
 - Management of lymph leaks
 - Association with POTS/EDS
 - Mechanism of scalene injections
 - Social media in TOS population
- Research database for TOS

Now, Joanna is excited to be the first tri: of Surgery, working with the cardiac and vascular surgery teams, and bein all new cardiac and vascular patients.

How it helped me as a young surgeon

Incorporating SVS reporting standards into Epic

– Including QoL assessments

Great way to meet & Get to know leaders in the field

– Developed academic opportunities

THANK YOU!
